

# Accessibility Issue: Office Supply Order Form Modal Dialog Does Not Restrict Focus (yyyy-mm-dd)

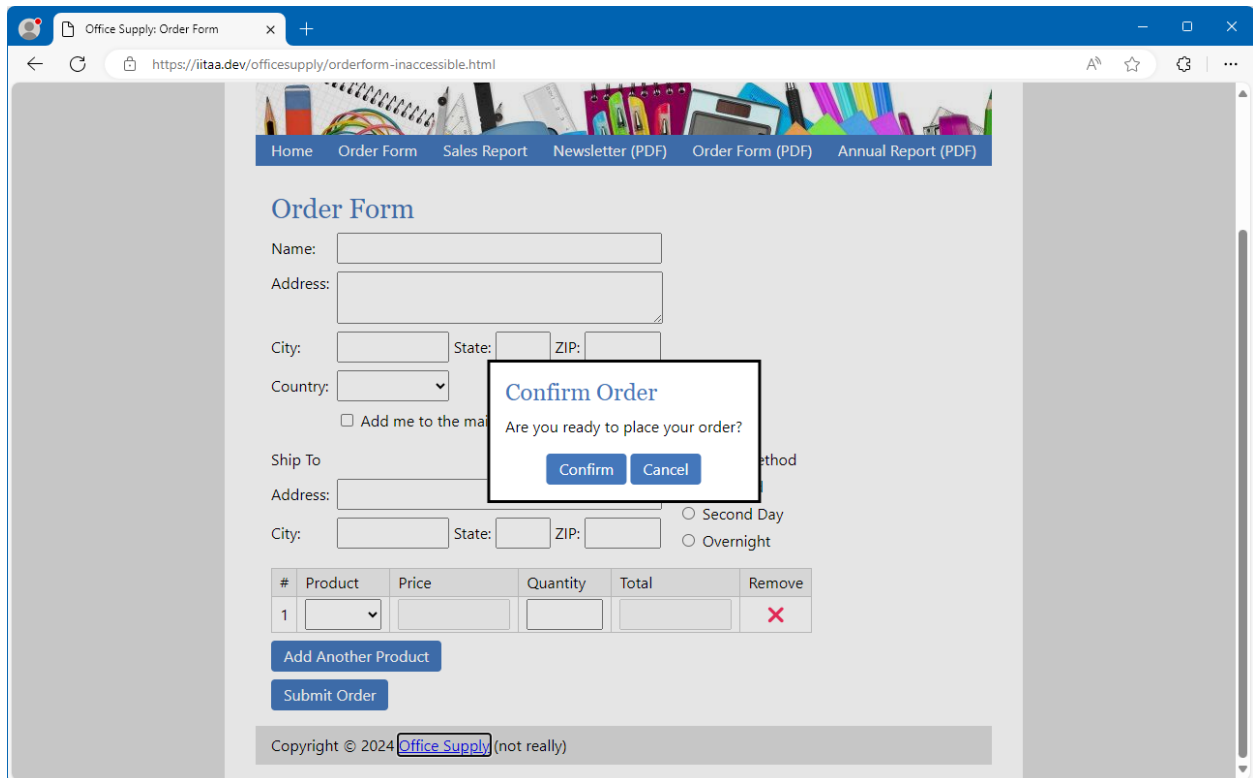

**URL:** <https://iitaa.dev/officesupply/orderform-inaccessible.html>

**OS:** Microsoft Windows 11 Enterprise Build 22631

**Browser:** Microsoft Edge 128.0.2739.42

**Testing Tools:** Keyboard Commands, JAWS 2024.2406, NVDA 2024.3

## Screen Shot:

**Violations:** 4.1.2 Name, Role, Value

**Impact:** High

## Steps to Reproduce:

1. With or without screen reader running.
2. Browse to <https://iitaa.dev/officesupply/orderform-inaccessible.html>
3. Press Tab multiple times to get to the "Submit Order" button.
4. Press Enter to open the "Confirm Order" dialog.
5. Press Tab.
6. Note that focus goes to the "Office Supply" link in the footer.
7. Press Tab multiple times.
8. Note that focus goes to elements behind the dialog in addition to those in the dialog.

**Expected Behavior:**

1. With or without screen reader running.
2. Browse to <https://iitaa.dev/officesupply/orderform-inaccessible.html>
3. Press Tab multiple times to get to the "Submit Order" button.
4. Press Enter to open the "Confirm Order" dialog.
5. Note that focus is on the "Confirm" button in the "Confirm Order" dialog.
6. Press Tab multiple times.
7. Note that focus stays within the dialog and does not go to elements behind the dialog.

**Notes:**

Modal dialogs should follow the [ARIA Dialog \(Modal\) Pattern](#).
